# ROBERT PALUCHOWSKI

## BIO

Creative Web Developer with 3+ years' experience specializing in responsive front-end design. I excel at crafting engaging applications using React.js, HTML, CSS, and modern frameworks, with a strong focus on user experience and innovation.

#### SKILLS

- Front-End: HTML, CSS, JavaScript(ES6+), TypeScript, React.js, Responsive Design, React Hooks, Redux, React Context, RESTful API, Tailwind
- Back-End/Mainframe: COBOL, JCL, DB2, VSAM, Node.js, Java
- Tests: Jest
- Version Control: Git
- Operating Systems: Linux, Mac OS, Windows
- Databases: DB2, SQL, MongoDB
- Other: Problem-solving, Communication, Teamwork, Jira, Agile, MS Office, Confluence

## **EXPERIENCE**

## Freelance, Remote - Web Developer

JANUARY 2020 - PRESENT

- ETMA: Developed an employee management software using React.js, Redux, and MongoDB to streamline HR processes.
- **BrightSide:** Built a mental health support app with React.js, Tailwind, and Supabase to enhance accessibility and user engagement.
- **Dryzl:** Created a short-term weather forecast mobile app using React Native, TypeScript, and the Open-MeteoAPI for real-time updates.

# BEC Poland, Warsaw - Junior Software Engineer

AUGUST 2023 - DECEMBER 2024

- Designed and implemented batch processing jobs using JCL.
- Developed online (CICS) transactions for user interaction.
- Used DB2 for database querying, and data manipulation.
- Performed unit testing, integration testing, and system testing of mainframe applications.

- Utilized debugging tools such as Fault Analyzer.
- Experience with mainframe printing and reporting.
- Resolved many production incidents, minimizing downtime.

# LEADERSHIP & HACKATHON EXPERIENCE

- University CRM Project: Led a team to build a CRM solution at the University of Northampton, demonstrating strong leadership and collaboration.
- Barklay's Card Challenge: Competed in a 2-day hackathon at Barklay's Card in Northampton—developed a software solution and enhanced my practical skills.

# **EDUCATION**

## **University of Northampton, Northampton, UK** - Bachelor of Science

SEPTEMBER 2020 - JUNE 2023, NORTHAMPTON

I earned my Bachelor of Science (Honours) in Computing (Software Engineering) from the University of Northampton, achieving a Second Class Upper Division. This program provided me with a strong foundation in software development principles, methodologies, and best practices.

## **CERTIFICATES**

IELTS academic level.
